

OneStop Plumbers
is Seeking a Top Quality
Plumbing Service Technician
to Join Our Team

OneStop Plumbers is a family-owned and operated plumbing company that provides residential and commercial plumbing and repair services to Corona, the Inland Empire and surrounding cities.

*Our mission is to be the “**plumber of choice**” in the areas we service. We believe that by hiring like-minded team players that take pride in their work and put customer interest first, we will get there one job at a time.*

We have an opening for a **Plumbing Service Technician** to handle service calls in the Corona, Chino Hills, Yorba Linda and Riverside areas. We are seeking a highly customer service oriented and motivated individual with expert plumbing experience to work directly with customers to resolve their plumbing matters. At times, position may also be responsible for supervising the work of others where jobs require multiple technicians. Service Technicians perform a key role towards accomplishing our mission and expanding our company. As such, we are seeking individuals that are interested in a long-term relationship and employment with the company.

Must have experience troubleshooting, diagnosing, repairing, replacing and installing residential and commercial plumbing systems, units and fixtures. This includes but is not limited to:

- Drain Clogs, Breaks and Repair (various snakes, hydrojet, sewer camera inspection)
- Kitchen and Bathroom Fixtures (toilets, faucets, shower valves, etc.)
- Pressurized Water and Slab Leaks (infrared camera, electronic leak detection, soldering)
- Water Heater Installation, Troubleshooting and Repair
- Outdoor Water Pressure Regulators, Shut-Off Valves and Water Lines
- Waste and Gas Lines and Connections

Other duties as assigned may include maintaining company vehicles, logging inventory, writing up paperwork, attending safety and plumbing educational trainings.

Desirable Experience, Skills and Education Qualifications:

- 5+ years verifiable residential plumbing experience
- Cert/Degree in plumbing trade is a plus (higher compensation)
- Certifications in PEX and water heater installation and repair a plus
- Perform work in compliance with Uniform Plumbing Code
- Experience using tools associated with Drain Stoppages such as snakes, drain cameras, etc.
- Experience using Leak detection equipment and performing leak detections
- Experience performing re-pipes and re-routes, gas line installation, water heater repair & install
- Customer service soft skills /customer service training a plus
- Experience calculating receipts and completing associated paperwork
- High school diploma/GED

Job Responsibilities:

- Troubleshoot and repair Residential plumbing issues in accordance with plumbing code
- Remove, replace, and install new plumbing lines, fixtures, regulators, parts, etc.
- Accurately estimate job effort and provide price quotes to customers
- Record receipts and collect payment at customer job sites
- Interact with customers to explain the problem and any work required or performed
- Meet company productivity and customer satisfaction standards

Other Requirements:

- Willingness to work irregular and extended work hours as needed (weekends, holiday and on-call)
- Self-starter with ability to work under little supervision
- Good DMV driving record; will be required to drive company vehicle
- Clean drug test and criminal background
- Own small tools

Compensation:

- Competitive wage
- Monetary bonus opportunities such as \$500-\$1,000 signing bonus after successful 90-day probation period as well as per job incentives for favorable customer reviews
- Growth opportunities
- Company provided service truck, gas and mobile phone
- 40 hours paid vacation after year one; Sick Pay; Holiday Pay
- Option to participate in group medical plan and retirement program (as available)

Application Process:

Interested candidates, please email resume with cover letter to teara@onestopplumbers.com

Applicants that meet minimum qualifications will receive a phone interview. Upon successful phone interview, potential candidates will be invited for an in-person interview and may be asked to participate in a paid on-the-job working interview.

Job Posting will remain open until positions filled.
